## Forewords

Praise God because of His blessing this compilation book for Writing Clinics subject could be done to be used in teaching writing skills.

The objective of this compilation book has been designed to assist students to be able to enhance their writing skills. This compilation book provides various form of written language functions required by the university students that focus on improving the writing skills that needed by the students to write precisely and mastery of these skills ensures that further studies are well prepared. If students need more practice, teachers should offer more activities based on the knowledge, needs and interests of the students. There is no shortcut to have a good writing ability, it comes only through practice.

With the presence of this compilation book for teaching Writing Clinics subject at Universitas Advent Indonesia in the Education Department could facilitate the students to become competent writers.
